FRAMED HINGE ENCLOSURES

Hinge/Mount Type:	Pivot (P-)	Piano Hinge (L-)	BiFold (L-)
CONFIGURATIONS			
64	X	X	
70	X	X	
71		X	
1627		X	
1628		X	
1629		X	
1630		X	
1669/1669-B		X	
1669 2/3		X	
1631		X	

The table above is meant to display all available Lucette hinge door models. An “X” indicates that the configuration is available for the corresponding hinge type. The following pages include pricing for the majority of models, though some have been excluded to simplify the book. Please contact us if you would like pricing for any enclosure that is not included in the book- we would be happy to help.

LUCETTE BYPASS

Standard Features:

- Flat header standard—round or crown molding available at additional charge. • Easy to clean bottom track
- Pricing shown assumes 5/32" tempered glass • Standard finish is silver anodized aluminum, but other finishes are available
- Single towel bar & brackets standard, mounted to frame
- Vinyl wall seals eliminate the need for caulking
- Adjustable rollers with ball bearings and nylon tires
- Fillers are available for out of plumb and out of level conditions, where the outage is greater than 3/16". See page 28 for details.
- Custom configurations are available for most bypass units, including additional inline panels, buttress panels, angle cut panels or doors to follow the slope of the ceiling, etc. Please contact us for details.

Available in Standard Paint

Anodized aluminum may vary in shade and color among extrusions.
Color variance is considered within factory tolerances in the Anodizing Industry.

*Must specify 1,2,3, or 4 sided mount"

STEAM UNITS MADE WITHOUT A TRANSOM STEAM KIT

A steam efficient door can be accomplished by building the enclosure to full height or with the use of a stationary or venting transom.

Sliders	Interlocking fins and steam foam can be added to a slider for steam use. This makes the functional steam unit and is 75% steam efficient.	Add \$110 to list price
Hinged Doors	A combination of a magnet header, magnet cross piece, and stryker frame section can be added to hinged doors to obtain a tight fit. This type of enclosure is the most effective for a steam unit.	Add \$211 to list price

STEAM UNITS MADE WITH A TRANSOM

A stationary transom can be installed over a standard height door to make the enclosure steam efficient. The unit the transoms are installed over need a steam kit (see above).

L-98 STATIONARY TRANSOM			
MODEL	WIDTH	HEIGHT	LIST PRICE
L-98	Up to 36"	Up to 12"	\$289
	Up to 40"		\$331
	Up to 50"		\$369
	Up to 60"		\$409

* Transoms over 12" in height will require custom glass- contact Century for pricing.

A hinged transom enables the shower to become steam proof with venting for steam to escape while showering. The unit the transoms are installed over need a steam kit (see above).

L-97 HINGED TRANSOM			
MODEL	WIDTH	HEIGHT	LIST PRICE
L-97	Up to 36"	8"-14"	\$696
	Up to 48"		\$796
	Up to 60"		\$894

* The minimum height required for a hinged transom is 8". Transoms over 14" in height will require custom glass- contact Century for pricing.

Anodized aluminum may vary in shade and color among extrusions. Color variance is considered within factory tolerances in the Anodizing Industry.

AVAILABLE UPGRADES FOR 5/32" GLASS

Glass Patterns/Tints	Sq.Ft. List Price
Aqualite (Spraylite)	\$24
Niagra (Rain)	\$24
Stipolite (Pattern 62)	\$24
Clear	\$13

AVAILABLE UPGRADES FOR 1/4" GLASS (FROM 5/32" CLEAR)

Glass Patterns/Tints	Sq.Ft. List Price
Low Iron	\$31
Niagra (Rain)	\$31
Stipolite (Pattern 62)	\$36
Spraylite	\$61
Satin Etch (Mist)	\$45
Starphire	\$31
Reed	\$60

* Please call to check availability of ALL glass upgrades. Also, please note that Aqualite glass has inherent flaws in the pattern which cannot be avoided. We would recommend explaining this to any customers interested in this glass in order to set expectations.

Prices shown are per square foot and are incremental to clear glass price, so can be added to the unit list price.

Formula for Square Feet:

Door Width (inches) X Door Height (inches) ÷ 144 = SF

Example: 28" x 80" = 2240 ÷ 144 = 15.55 SF(Round to whole number)

	\$/ SQ FT
Diamon Fusion	\$10

Diamon Fusion is a one-time, chemical treatment that is applied to and absorbed by the glass in order to add a layer of protection to the glass, reducing the required cleaning time.

(APPLIED TO BOTH SIDES OF THE GLASS)

The optional Diamon-Fusion treatment helps protect the glass from the build up of soap scum and hard water deposits and reduces cleaning time by 50%. Applied to both sides of the glass, a vapor mist fills the natural microscopic peaks and valleys in the glass with a ultra thin optically clear durable material making it easier to clean. Simply wipe down with a washcloth or squeegee after showering.

Customers ask for ShowerGuard glass by name because it's the first and best permanent protective shower glass on the market. Wipe-on, spray-on alternatives may need to be periodically re-applied after use. ShowerGuard is applied to one side of the glass during the manufacturing process. Only ShowerGuard has a lifetime limited warranty.

Available in Standard Paint

DESCRIPTION		PRICE
Silver Anodized Aluminum	Bright, chrome-like finish	Standard for all Lucette models
Gold Anodized Aluminum	This finish will vary in shade and color among extrusions, but is within the tolerances established by the anodizing industry.	\$52 per panel
