GLASS OPTIONS

DIAMON-FUSION INTERNATIONAL
"Innovation That Ignites Business"

www.diamonfusion.com

The optional Diamon-Fusion treatment helps protect the glass from the buildup of soap scum and hard water deposits and reduces cleaning time by 50%. When added during manufacturing, a vapor mist fills the natural microscopic peaks and valleys in the glass with a ultra thin optically clear durable material making it easier to clean. Simply wipe down with a washcloth or squeegee after showering.

**GUARDIAN®
SHOWERGUARD®**

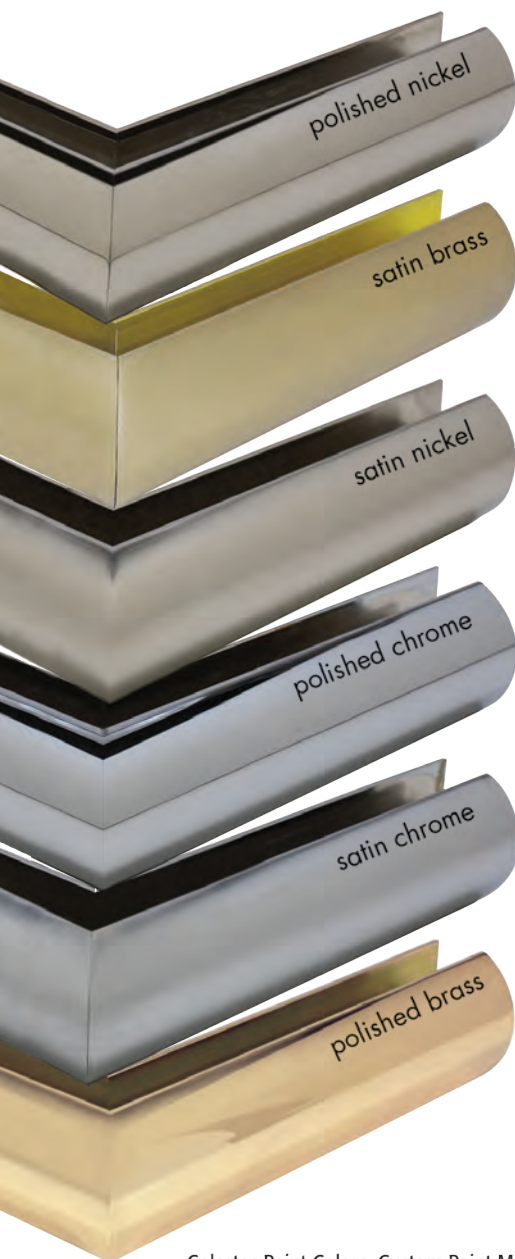

www.showerguardglass.com

Customers ask for ShowerGuard glass by name because it's the first permanent protective shower glass on the market. Wipe-on, spray-on alternatives may need to be periodically re-applied after use. Only ShowerGuard glass is guaranteed for a lifetime. Available in 3/8" clear glass only.
