## GLASSTEC

America's finest handcrafted, frameless tub and shower enclosures give your bathroom a look of elegance. Glasstec enclosures are sleek, clean and unrestricted with emphasis placed on quality construction. Unlimited options ensure a truly personalized bathroom. Choose the non-header, header, or slider system that best fits your application and style.

## Non-Header Systems

- GPW (solid brass) /GAPW (aluminum) wall mounted pivot hinge system out swing only.
- GGP (glass to glass) and GGPW (wall mount) pivot hinges are made from solid brass and provide the flexibility of a dual-swing door.
- GG solid brass glass-to-glass dual-swing hinges allow you to mount a door to a fixed panel which runs 180° inline. Panel(s) can run full height or can be cut down with use of channels or clips.
- GW solid brass wall mount hinges provide dual-swing flexibility.

Colortec Paint Colors & Custom Paint Match Available

The optional Diamon-Fusion treatment helps protect the glass from the build up of soap scum and hard water deposits and reduces cleaning time by 50%. When added during manufacturing, a vapor mist fills the natural microscopic peaks and valleys in the glass with a ultra thin optically clear durable material making it easier to clean. Simply wipe down with a washcloth or squeegee after showering.

Customers ask for ShowerGuard glass by name because it's the first and best permanent protective shower glass on the market. Wipe-on, spray-on alternatives may need to be periodically re-applied after use. Only ShowerGuard glass is guaranteed for a lifetime. Offered on 3/8" glass only.
